Morningside of Charlottesville has been in Charlottesville, Virginia, for over eight years. There are six levels of assisted care tailored to a resident's needs, as well as a secure Alzheimer's unit. The capacity is 100 for both assisted living care and memory care.

Assisted living residents are individuals who do not need skilled nursing care but may need assistance with some aspects of daily life. This can include personal care such as dressing and grooming, health monitoring, safety, overall well-being, coordination of outside health care providers, assistance with medication, companionship, and more.

A resident at Morningside of Charlottesville lives in their private apartment within the community so that they have the support and services they need while continuing to be as independent and active as possible.
