Languages Spoken

English

Halquist Center offers advanced illness care, known as palliative care, and hospice services. There is no age limit for care.

Palliative care is for individuals living with a serious illness. The care is a focus on relieving the symptoms, pain and stress of illness, with the goal of improving quality of life.

Hospice is medical care that provides physical emotional, spiritual and practical support to individuals in an advanced stage of illness. Hospice is designed to relieve pain and other symptoms, typically i the comfort of their own homes.
