The Medical Team offers personal care that can help with activities of daily living. Assistance with personal care and activities is provided to individuals in their homes, whether a private residence, independent or assisted living facility, or nursing home. Services typically include any or all of the following: personal care (bathing and personal hygiene); assistance with dressing, toileting, eating, ambulation, and range-of-motion exercises; medication reminders; meal preparation; laundry and light housekeeping; and, monitoring vital signs. Care for dementia patients is also available.
