Neighborhood Watch: Neighborhood Watch is a "team" approach to fighting crime in which the James City County Police Department works hand in hand with civic organizations and neighborhoods to reduce crime in their community.

Neighborhood Watch fights the isolation that crime both creates and feeds upon. It forges bonds among area residents, helps reduce burglaries and robberies, and improves relations between police and the communities they serve.

Community Outreach Network Educate Care Thrive (CONNECT) is a program for individuals aged 60 and older or adults with disabilities who need supportive services. The program will connect citizens and their caregivers with resources to support the citizens in their homes.
