Legacy Hospice is a not-for-profit agency dedicated to serving the families of southwest Virginia with expertise and compassion. Legacy maintains state licensure, Medicare certification, and Medicaid certification.

In addition to continuously demonstrating that they embody our philosophy of caring, all our caregivers must pass rigorous professional standards including thorough reference checks, ongoing professional education standards, skills competency checks, licensure verification, etc.

We realize patients are more comfortable in their familiar surroundings and our ultimate concern is our patients' comfort. Our team members will visit frequently and will provide necessary care, answer questions, and provide education. Your doctor can remain in control of your care and will provide orders for our team to carry out. Patients may also discontinue hospice services at any time they choose with the option to be re-admitted to hospice services upon their request.
