Spotsylvania/Stafford County TRIAD participates in TRIAD by implementing activities designed to reduce the level of criminal victimization as it impacts senior citizens. TRIAD is a partnership among law enforcement agencies, senior service agencies and senior citizens in the community. Presentations to the senior community on crime prevention and victim/witness assistance are available.

TRIAD is an organization comprised of the Spotsylvania and Stafford Sheriff offices, the Fredericksburg area AARP, Virginia State Police and the Virginia Attorney General's Office. We develop, expand and implement crime prevention and education programs for seniors in our community. We also provide activities centering on prevention of victimization and victim/witness assistance services.
