Generations Crossing is a multi-generational daycare center with a vision for separate adult and child centers under one roof. Adults with dementia are welcome. The program provides a safe, supervised, stimulating environment for adults who require assistance with activities of daily living and supervision. Adults that participate in our program also experience intergenerational interactions with our child care program, as well as planned activities such as arts and crafts.

Services include skilled nursing care, ongoing health monitoring, a daily calendar of activities, nutritious snacks, hot noon meals, medication management, and support to families and caregivers. Center staff can assist with coordinating transportation to and from the center.

Service Area(s)

Rockingham County
