English

Elder Caregiving is the process of helping to care for our elderly friends or relatives.

There are many emotional, social, financial, medical and logistical issues associated with each step of Elder Caregiving and there are no right and wrong answers because each elder person's needs, desires, and resources are different.

If you have a general question about Eldercare, please use our [contact form](#). You can find local caregiving resources at our website, as well as attend a local caregiver support group. Caregivers Support Group meets in Room 2080 in McKim Hall, on the 2nd floor. Contact Brenda Wilson, Geriatric Care Manager at 434.924.5483 if interested in more information.
